

## **INTERNET FRAUD**

The Lake Oswego Police Department has joined forces with the federal government's Internet Fraud Complaint Center to provide citizens with more options when they find themselves victimized by theft through the Internet.

If someone appears to have been defrauded over the Internet, and the crime occurred within the city limits of Lake Oswego, the victim can go directly to the Lake Oswego Police Department to report the crime. If the crime happened outside of our department's jurisdiction, a victim can take his or her complaint directly to the Internet Fraud Complaint Center. The IFCC then routes the complaint to the proper department for further investigation.

The IFCC can be reached at: <http://www.ic3.gov> .
